\$11.99/year subscription for Pro access

Audio records lecture while taking notes

Only works with Apple products

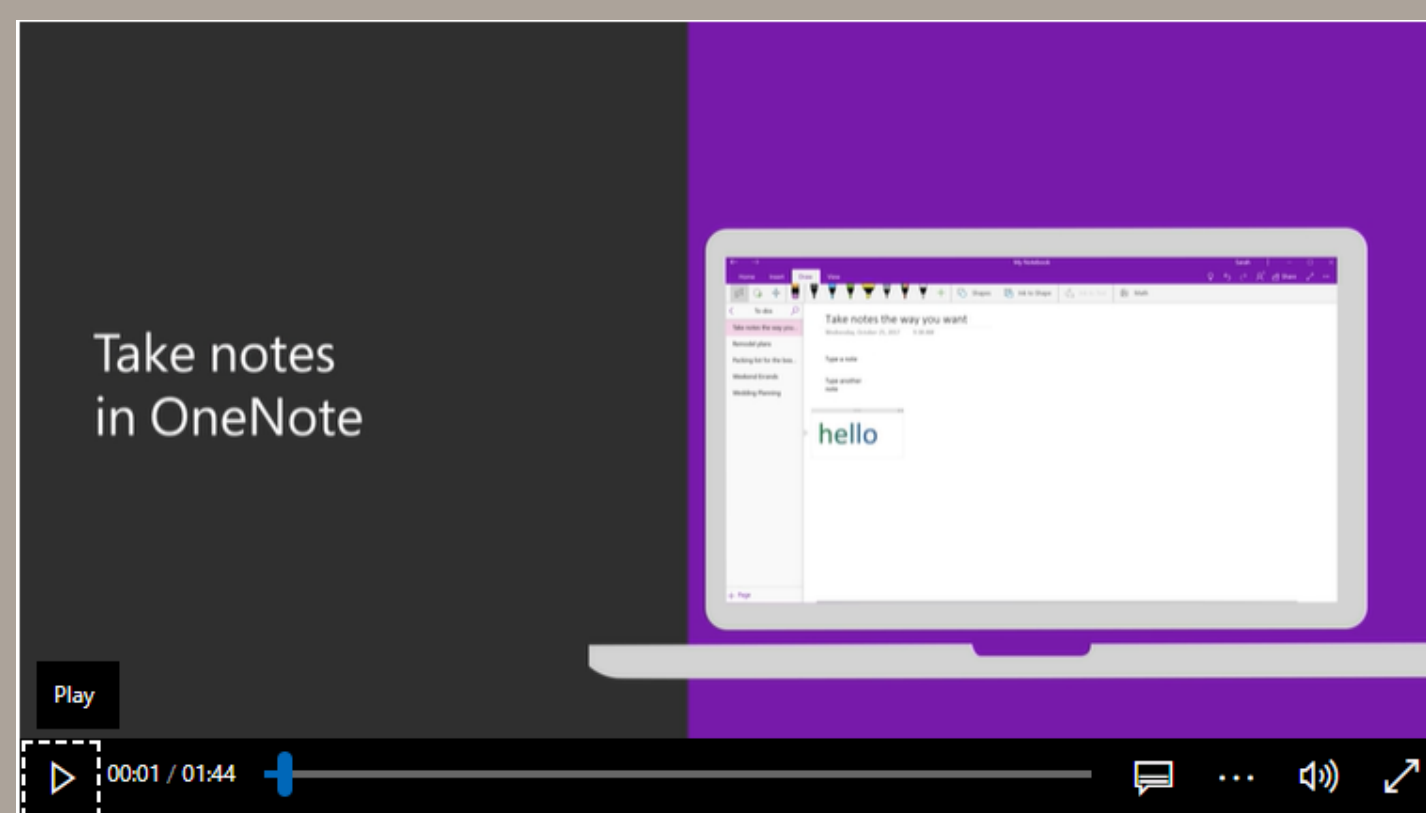

---

# ONENOTE

---

## Get Started:

- Go to [Microsoft OneNote](#) and download the application to your laptop, phone, or tablet.
- View the introductory video on OneNote to learn about the basic features of OneNote (Click on the image below to view the video)

## Organize your notes

- Reference the guides below for organizing your notes in OneNote
  - [Organize your notes](#) from Microsoft 
  - [Organize OneNote](#) for college

## Audio Record with OneNote

- Audio recording will only work with the OneNote application. The online version of OneNote will only record short segments at a time.
- Check out the information below for more on recording while notetaking:
  - Microsoft instructions: [How to audio record on OneNote](#)
  - [Example of recording with OneNote](#) 

# NOTABILITY

## Get Started

- Visit the App Store and [download the Notability App](#)
  - Note that this app can only be downloaded onto Mac, iPhone, or iPad

## Organize your Notes

- Watch: [Organizing your Notes with Notability](#) 

## Audio Record with OneNote

- Watch: [Audio Playback in Notability](#)
