

WHAT TO EXPECT WHEN WORKING WITH **STUDENT ACCESSIBILITY SERVICES**

NO JUDGMENT

We are here to help you implement reasonable accommodations and support both you and your students! We are not here to judge your knowledge/past attempts at implementation.

MOTIVATED TO HELP

Our passion lies in helping students and instructors alike. We want to help make a more inclusive environment that is equitable for students but also manageable for you! Why figure it out all alone when we are here?

ANALYTICAL THINKERS

We are not here just to read you the accommodations in the letters and tell you, "Just do it"! We are here to help think through implementation ideas, analyze your course structure, and determine what is reasonable within substantially altering your course.

TIMELY RESPONSES

Our mission is to promote the advancement of equity, access, and inclusion at ISU. That doesn't happen without being responsive to those who implement the accommodations! Email us or give us a call. We will take your message and the earliest available coordinator will get back to you!

SUCCESS
When working with SAS, you will successfully implement student accommodations, become more familiar with access needs, and have a more inclusive and accepting class in the future!
